# 82<sup>ND</sup> AUSTRALIAN SPEEDCAR CHAMPIONSHIP

MARCH 8-9

**PERTH Motorplex**  
KWINANA BEACH AUSTRALIA

**KWINANA BEACH, WESTERN AUSTRALIA**

Welcome  
from

On behalf of the Executive Committee and members of the W.A. Speedcar Drivers Association Inc. (WASDA) I am pleased to welcome you all to the 82nd running of the Australian Speedcar Championship back at the Perth Motorplex in Kwinana Beach, Western Australia on the 8th and 9th of March 2024. The last time we hosted the National Title was back in 2019 where local Dayne Kingshott won the 78th Australian Speedcar Championship!

We have a lot in store for our local, interstate and international drivers/teams with the **Magic Man Prelude to the Championship** race on the 6th of March before the Title, Calcutta Night at the Highline Deck in the Perth Motorplex on 7th of March and the **76th WA Speedcar Championship** on 16th of March, the weekend after the Australian Speedcar Championship.

Along with Promoter Gavin Migro, we envisage a strong contingent of competitors from across the country and we are also looking forward to hosting a few of our international friends who have already shown interest in competing, ultimately there can only be one who will be crowned Australia 1!

The Perth Motorplex is one of the premier speedway tracks in Australia and perfect to showcase speedcars for all drivers, teams, families, friends, sponsors and especially the fans!

WASDA thanks all the teams who will be heading over to the West to contest this prestigious event for speedcars. To all the officials and volunteers running the event, Speedcars Australia and particularly to the Perth Motorplex promoter Gavin Migro and his team for hosting the event.

**Rob Masi**  
**PRESIDENT**  
**W.A. SPEEDCAR DRIVERS ASSOCIATION INC.**

Welcome from

On behalf of the Speedcars Australia board, I am pleased to invite all competitors to the 82nd running of the Australian Speedcar Championship at the Perth Motorplex on Friday the 8th & Saturday the 9th of March 2024.

We expect to see a large contingent of local, interstate & international competitors converge at the world class Kwinana Beach facility for its 5th hosting of the sports longest running national title.

WASDA has a proud history of producing Speedcar champions & have proven to be very hard to beat on home soil. Don't let that deter anyone from competing as anything can happen on title night!

Drivers will have plenty of time to get dialled into the wide open spaces of the 500 metre raceway as the host club & venue are putting on a prelude event, the "Magic Man Prelude to the Championship" on Wednesday the 6th of March which has a prizepool of \$22,000 up for grabs!

The Perth Motorplex is without a doubt the best facility in Australia, possibly the world and I would encourage every competitor to endeavour to attend this magnificent venue for this prestigious event, you will not regret it!

To each competitor, crew members, your families, sponsors & friends, we wish you safe travels & look forward to seeing you there.

**Andy Pearce**  
**PRESIDENT**  
**SPEEDCARS AUSTRALIA**

1st - Brady Bacon (U.S.A.)  
2nd - Kaiden Manders (W.A.)  
3rd - Thomas Meseraull (U.S.A.)

# About the **PERTH Motorplex** KWINANA BEACH AUSTRALIA

The Perth Motorplex was constructed in the year 2000 using world's best practices and is Perth's premier racing venue, usually referred to as the "Motorplex". Built as a showcase for Motorsport in WA, with world standard spectator and competitor facilities, the venue includes excellent viewing for race fans and to add to the experience of attending the nations best motorsport facility the Perth Motorplex has the only permanent Big Screen in Australian Speedway! Located approximately 35km south of the city at Kwinana Beach it is considerably one of the best speedways in the country - awarded the **Speedway Australia Track of the Year** in 2021 and 2023!

The track length is 500 metres - 1 metre out from the curb and 22 metres wide (in both the corners and straights) making it considerably wider than most circuits. With its long straights and flowing high banked corners, the Motorplex provides three and four wide wheel to wheel racing.

The track surface is a peaty clay, generally being good on tyres. Facilities are second to none with a 1.3m high concrete safety barrier and high fencing above; a medical centre is located in the pits along with a machine examining shed complete with weigh bridge.

The Perth Motorplex arena is licensed to hold 15,000 spectators with access to the Pit Paddock area in Gold and Silver seating tickets. The pit area spoils the crew with a green manicured grass to work on and bitumen road access to and from the track.

***We are all very excited to host the Time Honored title event at the number 1 Speedway in the country! ~ Gavin Migro, PROMOTOR***

# EVENT INFORMATION

This event will be run in accordance with the current edition of Speedcars Australia Speedcar Championship Supplementary Rules, the *Speedcars Australia Race Rules, Regulations and Specifications (2021-2022 Racing Manual)* and the *Speedway Australia Rules & Regulations (V.23/24.2)* and accept the individual requirements of the Perth Motorplex.

Both Speedcars Australia Inc. Racing Manual and Speedway Australia Racing Rules & Regulations are available for download from:

<https://www.speedcarsaustralia.com/downloads>

<https://www.speedwayaustralia.org/rules>

By nominating for this event, entrants and car owners confirm that you have met the minimum qualification period and have read and understand the specifications, rules and regulations as per the above.

Under the rules and regulations stipulated by Speedcars Australia, there is a possibility of engine, fuel and weight testing throughout the event. Failure by any person/s including driver, owner and crew, to comply with these and all Speedcars Australia rules and regulations may result in the exclusion of the car/driver from this event.

Competitors enter and drive at their own risk and must meet personal accident insurance obligations (Speedway Australia), and sign the appropriate indemnity form before competing.

It is understood that drug and/or alcohol testing may be conducted at any time, per Speedway Australia's 'Drug & Alcohol Policy' and 'Drug & Alcohol Testing Procedures'. Refer to these documents in the above Speedway Australia link.

- **7.14.7** A driver having already qualified for a race or a Championship final may substitute another car, forfeiting all qualifying points and starting ROF.

# RACING RULES & REGULATIONS

It is the responsibility of each participant (driver, pit crew member or official) to have a copy of, and be familiar with, all relevant rules and regulations, and by competing in any Speedcars Australia Inc. sanctioned race meeting, each participant is deemed to understand and has agreed to comply with and be bound by these rules. A copy of the *Speedcars Australia Inc. Racing Manual (2021-2022)* can be downloaded by clicking [HERE](#) and the *Speedway Australia Racing Rules & Regulations V.23/24.2* can be downloaded [HERE](#).

## SCRUTINEERING

Local cars must be registered and international cars must undergo inspection. Competitors and owners are responsible for ensuring they are aware of and comply with the specifications defined in the 2021-2022 Speedcars Australia Inc. Racing Manual.

**All nominated cars (including spare cars) must be scrutineered at the Perth Motorplex on Friday 8th March 2024 between 12pm and 4pm, prior to commencement of hot laps.**

- **7.12.1** At the completion of all National Title events, the first four placed cars are to be checked for compliance with Speedcars Australia Inc. specifications.
- **7.12.2** Australian Speedcar Championship Scrutineering to be carried out by the host club and the national technical advisors to adjudicate if called upon by the host club and is mandatory to all nominated Speedcars.

## WEIGHING OF CARS

All nominated cars (including spare cars) will be weighed during scrutineering at the venue on Friday 8th March between 12pm and 3pm. At minimum, the top four placed cars will also be weighed after the main event, and cars can also be called for random weighing at anytime during the two nights of competition. Cars will be weighed with the driver per rule 6.2.3.

- **6.2.2** It is the speedcar owner/driver's responsibility to ensure the weight is above minimum weight specified in Rule 6.2.3 to the supplementary regulations of the event they are racing at.
  - \* Scales shall be available for car owners to use at all times during the race event.
  - \* Officials may check speedcar weights at any time during the race meeting.
  - \* Weight will be measured to the scales of the day.
  - \* Should a competitor fail their first (1st) weigh test they may request one additional test. This reading shall not be questioned and will be considered correct.
  - \* Bolt on weights are not allowed.
- **6.2.3** All Speedcars must weigh a minimum of, 1050lbs/476kgs including water, oil and fuel, with the driver.
- **6.2.4** Cars powered by four-cylinder horizontally opposed, two valves per cylinder, intake and exhaust valves, in-line and on the same axis must weigh a minimum weight of 1000lbs/455kg with driver.

- **5.2.1** If at the drivers meeting it is stated that you attend the scales at any stage during the race meeting and you do not report direct to the scales as required.
  - (a) First Offence \$100 fine
  - (b) Second Offence \$200 fine
  - (c) Any further offence Fine increases \$100 per offence.
- **5.2.2** Tampering with vehicles prior to scales. If your car has been found by officials to have been tampered with by adding weight post-race/time trials yet prior to weighing.
  - (a) First Offence Disqualification and \$250 fine.
  - (b) Second and subsequent offences penalty doubles.

## **PUSH STARTS, RESTARTS & LAPPED CAR RULES**

- **4.1.1** Each racecar (whether or not it has a starter motor) is allowed one push start without penalty before the initial race start and following any red light/flag stoppage where the incident did not involve that car, and the car stopped due to the red light. For other push starts the car will be required to go rear of field.
- **4.1.2** Any car involved in a yellow light stoppage, whether or not a contributing cause, and has become stationary, and for whatever reason requires a push start, will be required to go rear of field in the restart.
- **4.1.3** Any car involved in a red-light stoppage, whether or not a contributing cause, and has become stationary before the red light shown, and for whatever reason requires a push start, will be required to go rear of field in the restart.
- **5.6** Any driver attempting to gain positions under yellow light conditions when he/she had never been in front of the competitor he/she is disputing positions with: \$50 fine and/or relegated two positions for each car past illegally.

## **DRIVERS BRIEFINGS**

- **7.15.1** All drivers must attend driver's briefings on all racing nights for the Australian Speedcar Championship. Any driver not attending will incur a loss of 25 racing points per offence. A roll will be called at all briefings. Drivers may have one (1) crew member in attendance with them.

## EXTENDED FIELD IN CHAMPIONSHIP FEATURE RACE

As an event supplementary regulation variation to rule 7.17, the 2023/2024 Australian Speedcar Championship feature race (A Main) will consist of **26 Speedcars**.

The 20 highest scoring cars will qualify, and 6 cars will transfer into the A Main from 1st through 6th finishing placings in the B Main.

## EXTRA STARTERS

**7.9.1** - The Defending Champion, should he/her fail to qualify, can start from the rear of the A-Main at his/her discretion.

As a supplementary regulation variation to rule 7.9.2, the 1st and 2nd reserves will come from positions 7 and 8 in the B Main and are permitted to wait in the infield after the final field has entered the racetrack. The 2 reserves will start and join in the 4 wide salute and then pull infield, stay in their cars and wait for the 1st lap to be completed.

**7.9.3** - In the event of a qualified car failing to start or complete the first lap, due to accident or exclusion, and a complete re-start is necessary, the reserves at the Speedcars Australia Inc. Steward's direction shall start at the rear of the field.

# OTHER IMPORTANT INFORMATION

## DRUG & ALCOHOL TESTING

At any time during this event, random drug and or alcohol testing may take place. If you have any doubts as to your ability to pass such a test with a negative or zero reading you should withdraw from this Race Meeting IMMEDIATELY. The Speedway Australia Drug and Alcohol Policy applies. Speedway Australia has a zero tolerance regarding the use of drugs and alcohol in sport.

Each Licence Holder must ensure that any prescribed medication does not contain a Prohibited Substance as listed in rule 6.3 of the [Speedway Australia Racing Rules & Regulations \(V.23/24.2\)](#).

Your nomination in this event shall be deemed as your consent to any tests for alcohol and Prohibited Substances required by Speedway Australia or its designated administrator per part 6 of the [Speedway Australia Racing Rules & Regulations \(V.23/24.2\)](#), titled 'Drugs and Alcohol'.

## EVENT MANDATORY REQUIREMENTS

Only **one-way communication** from an authorised Speedcars Australia Inc. race controller will be allowed and is mandatory for all drivers (i.e.RACEceivers).

**Transponders** are also mandatory. Each entrant will be allocated a time transponder if required at no additional cost.

**Pit mats/Ground sheets** are mandatory at the venue. Please ensure appropriate pit mats (tarps acceptable) are used in your pit bay at all times including practice. This must be large enough to park your race car on and have a 1m boundary.

## UNAUTHORISED ENTRY

**Per rule 5.3.1** - Any person, crew member or other, proven to be associated with a driver or car, who enters the racetrack under yellow or red light situations without the expressed authority of the Chief Steward will be fined \$500 for the first offence, with the said driver also being fined \$500 and disqualified from the race meeting.

## RAIN DATE

**Sunday 10th of March 2024** has been booked as the allocated rain date.

Per rule **7.13.1** if through circumstances beyond any control, an Australian Speedcar Championship meeting should be postponed, and then a re-scheduled meeting should be held within 48 hours. If the meeting cannot be completed within this 48-hour period, the championship event for that season will not be completed and recorded as a non-event. In the event of a one-night show, prize money payments may be adjusted.
